

UN Universal Children's Day

“Find your treasure in the art gallery”

National Art Gallery – Cittadella dei Musei – Piazza Arsenale - Cagliari

Cagliari, 21th November 2017, from 9.00 am to 8.00 pm

November 20th is the Universal Children's Day. It is the date in 1989 when the UN General Assembly adopted in New York the Convention on the Rights of the Child. To commemorate this event the Polo Museale has organized a guided tour called “***Find your treasure in the art gallery***”.

Children will be the protagonists in search of ***their treasure*** hidden in the gallery. The pictures around them will tell about old and modern tales with known and unknown characters; there will be angels and fantastic creatures, animals and musical instruments. The tour will also include didactic laboratories where the little guests will make drawings representing the details of the most impressive pictures.
